CERTIFICATE

This is to certify that Certification No.: E-10401

Environmental Testing, Inc.

**4619 N Santa Fe
Oklahoma City, OK**

has been accredited in accordance with K.S.A. 65-1,109a under the standards adopted in K.A.R. 28-15-36 for performing environmental analyses for the parameters listed on the most current scope of accreditation. Continuous accreditation depends on successful, ongoing participation in the program. Clients are urged to verify with this agency the laboratory's certification status for particular methods and analytes.

Effective Date: 2/1/2018

Expiration Date: 1/31/2019

Section Chief
Department of Health and Environment

The Kansas Department of Health and Environment encourages all clients and data users to verify the most current scope of accreditation for certification number E-10401

The analytes tested and the corresponding matrix and method which a laboratory is authorized to perform at any given time will be those indicated in the most recently issued scope of accreditation. The most recent scope of accreditation supersedes all previously issued scopes of accreditation. It is the certified laboratory's responsibility to review this document for any discrepancies. This scope of accreditation will be recalled in the event that your laboratory's certification is revoked.

Accreditation Start: 2/1/2018 Accreditation End: 1/31/2019

EPA Number: OK00047

Scope of Accreditation for Certification Number: E-10401
